

## Anti-DDX3Y Polyclonal Antibody

Cat: K110268P

### Summary:

**【Product name】** : Anti-DDX3Y antibody

**【Source】** : Rabbit

**【Isotype】** : IgG

**【Species reactivity】** : Human Mouse Rat

Predicted:Zebrafish Cow

**【Swiss Prot】** : O15523

**【Gene ID】** : 8653

**【Calculated】** : MW:32/73kDa

**【Observed】** : MW:

**【Purification】** : Octanoic acid-ammonium sulfate precipitation

**【Tested applications】** : WB

**【Recommended dilution】** : WB 1:1000-3000.

**【WB Positive sample】** : A-549,293T,HeLa

**【Subcellular location】** : Cytoplasm Nucleus

**【Immunogen】** : A synthetic peptide of human DDX3Y

**【Storage】** : Shipped at 4°C. Upon delivery aliquot and store at -20°C

### Background:

Probable ATP-dependent RNA helicase. During immune response, may enhance IFNB1 expression via IRF3/IRF7 pathway.
